

are not the report—they are merely figures, and to make a statement therein of the matters into which our operations have extended—into the buying of property, mortgages, etc.—would be very unusual, and I am afraid, very cumbersome. We will, however, furnish as full details as possible.

Mr. McCulloch—You can have no objection to say what the expenses are. The accounts do not show that.

The Chairman—Perhaps I should have mentioned that these are purely details, which can be learnt with the utmost ease from the managing directors, or the Secretary.

Mr. C. S. Taylor—Before passing these accounts I should like to ask a question. It is with reference to Mr. Chater's position as managing director—I should like to ask what connection he had with the inflation and the depreciation in value of the stock of this Company. From what I myself know—a broker came to me one day and said that Mr. Chater had told him that this Company was his pet scheme—that he had abandoned his other business in order to give the whole of his time to it, and he was going to make it one of the biggest things in Hongkong. Now we have one or two big things in Hongkong—Mr. Noble has a "baby" at the moment (the H. K. and S. Bank) which we do not expect will pay less than 20 per cent. next year, and Mr. Keswick has a property in the Hongkong Insurance Company, which people tolerate so long as it pays 40 per cent. When these statements came from Mr. Chater that he was going to make this the biggest Company in Hongkong we expected better results than a beggarly 7 per cent. It seems to me that if one broker was repeating this, a good many others would be also doing so, and I dare say they thought they were buying a good thing. Now if they confined themselves to cash transactions there might not be much harm, but there were a very large number of sales "on time." I do not know who sold, but I am told it was Mr. Mody. The connection between Mr. Mody and Mr. Chater may not be very apparent to everyone here, but to an old resident like myself the names are synonymous. What Chater does Mr. Mody does, and what Mr. Mody does, Chater is interested in. When I look at this report I cannot think that Mr. Mody was acting entirely in the dark, and the connection between Messrs. Chater and Mody is on other lips besides mine. You will remember the notice that was posted up on a prominent building here, to the effect—"Oh! Chater, why are Lands still going down? Is Mody still bearing?"—and the connection of Mr. Chater with—

The Chairman—I think that this meeting will agree with me that anything of a personal nature, such as these remarks, is out of place ("Hear, hear").

It is more to the credit of this Company that Mr. Chater should have no opportunity of repudiating the connection of his name with Mr. Mody's. That is the object of my remarks—I do not make them in any spirit of animosity to him—"Hear, hear"—nor on my own account, for I have not been one of these "left" in Land shares; I merely ask that Mr. Chater should repudiate what has been the subject of common gossip, that he had any knowledge, and interest in the forward sales of this stock. ("Hear, hear.")

The Chairman—With regard to the remarks just made, it could not be expected of anyone in the chair that they should be passed over entirely without reply, or that he should fail to dissent to the allusions made to a colleague on the Board. I feel it my duty to say that I still believe that any such comments as were made by Mr. Taylor were personal and beyond the business of the meeting (Applause).

Mr. Chater—And now, gentlemen, in reply to the first question put by Mr. Taylor, I have to inform you that I am interested in Mr. Mody's every transaction, but I have a half interest in—but he is at liberty to do what he pleases, he never consults me as to what he does, and he may buy, sell, or do what he likes in our joint interest. But at the same time—for the information of the gentleman who has chosen to speak about his interest in others—I am the registered holder of 2500 shares allotted to me, that have never seen the light, or been in the hands of a broker. They are still there to-day, and I own them as the present time. (Applause) As the largest number that can possibly be held, therefore, I could not take any more, but I hold more in the name of my clerk, which never saw light, either. If Mr. Mody chooses to sell shares in his own name, no one can stop him, but as to getting any knowledge of what the Company is doing from me, it is perfectly absurd. There is nothing done by the Company which is not known to the directors, or which any shareholder could not learn, on inquiry at the office. Therefore Mr. Mody, whatever he does in this, is in every other stock which he buys and sells, he does in our joint interest, and I am not ashamed to say it. He certainly gets no knowledge or information from me with regard to the working of this or any other Company (Applause).

Mr. Taylor—I have listened to Mr. Chater's remarks with a good deal of pleasure, and I have no doubt they will carry their due weight with every shareholder. ("Hear, hear.")

The Chairman then proposed the adoption of the report.

Mr. J. D. Laprak seconded, and was passed. Mr. Morris proposed the confirmation of the appointment of Messrs. Lee Sing and Poon Pong as directors.

Mr. Veitch seconded. Passed.

Mr. Brodie moved, and Mr. Jordan seconded, the confirmation of Mr. D. R. Sassoon's appointment as director. Confirmed.

Mr. Hoppius moved, and Mr. W. H. Ray seconded, the re-election of Messrs. J. S. Moses and G. E. Noble as directors. Agreed to.

Mr. Times moved, and Mr. McCulloch seconded, the re-election of Messrs. F. Henderson and A. W. Mainland as auditors.

The proceedings then terminated.

THE HONGKONG CANTON AND MACAO STEAM-BOT COMPANY, LIMITED.

The following is the report of the Board of Directors to the ordinary half-yearly meeting of shareholders, to be held at the office of the Company on Friday, the 31st January, 1890, at 12 o'clock noon:

The Directors beg to submit to the Shareholders the Report and Statement of Accounts for the half-year ending 31st December last.

After paying running expenses, salaries, premia of insurance, repairs and all other outgoings, there remains, including \$5,481.25 brought forward from last account, the sum of \$159,970.02 at credit of Profit and Loss Account. From this sum the Directors recommend that a dividend of 7 per cent. on Capital of \$12,000, and a bonus of 1 per cent. of \$1,000, be paid to the shareholders, and that \$2,500 be written off the value of the Iron Lighter *Sun Lee*, leaving a balance of \$29,440.92 to be carried forward to new account.

The Gross Receipts on account of steamers' traffic for the half-year under review are in excess of those for the corresponding six months of 1889, but a slight diminution on the net earnings has been caused by the continued high price of coal. During the half-year the *Powin* and *Kwongchow* have undergone the usual annual Government Survey and overhaul, and the *Fatshan*

has been docked for inspection. The amount expended for repairs has been comparatively small, but as stated in the last report, considerable outlay upon the *Honam* will be necessary when next she docks. Duplicate Electric machines at a cost of about £300 each have been ordered for the *Fatshan* and *Powin*, and a new main deck for the latter vessel has been contracted for with the Dock Company at \$12,200.

The completion of the Company's new steamer *Hongkong*, now building at Leith, has been delayed by a succession of strikes in the ship-building trade, but she is now being pushed on as rapidly as possible, and may be expected here during the spring.

The increase of Capital referred to in the last report has all been subscribed, and the premium on the new shares, amounting to \$600,000, has, in accordance with the resolution to that effect, been passed to the credit of Depreciation and Insurance Fund, which now stands at \$850,000.

The Company's surplus funds, as will be seen by the Statement of Account herewith, have been applied principally in Loans on Mortgage. An investor in Mortgages has been submitted to Messrs. Bird and Palmer, Architects and Surveyors, who certify that they consider the securities good cover for the amounts loaned.

Acting upon the expression of opinion of a majority of Shareholders at the last half-yearly Meeting, your Directors cancelled the then existing Policies of Insurance on the Company's steamers, which had the effect of bringing about a material reduction in the rate of premium at which underwriters were willing to accept the risks. Under these circumstances, it was deemed better to again insure the fleet against all risks to the extent of 50 per cent. of cost, which action, it is trusted, will meet with the approval of the Shareholders.

The retiring Auditors, Messrs. A. O'D. Goudin and F. Henderson, offer themselves for re-election.
